

How to make a universal locker with cardboard

How do you use a cardboard locker?

Cardboard lockers can also be used for school-themed parties, or for adding a bit of nostalgia to the decor of a room. Lay out a piece of cardboard at least 76 inches tall and 32 inches wide. Appliances boxes work well for this. You can save old appliance boxes or ask a local appliance store to donate them to your cause.

How do you attach a locker door to a cardboard box?

Attach three of the pieces of packing tape to the inside edge of the door so 1 inch of the packing tape is attached to the cardboard. Insert the door into its location, with the tape on the inside of the locker, and press the remaining 1 inch of packing tape to the inside of the adjacent cardboard (the door frame).

What's in a mini locker?

This mini locker is great for storing your stuff like art supplies or your hat, gloves and scarf. Best of all, it's easy to make! Cardboard Hot Glue Gun Glue Sticks Craft Knife (or scissors) Ruler Pencil I used a large cardboard shipping box to create the pieces I needed: One large piece 16 x 36 inches (sides of the locker);

Can you paint a locker door with cardboard?

The friction of cardboard edges will keep your locker door closed but, if desired, you can add a small piece of cardboard to the lip of the door to keep the door shut. Use caution when handling craft knives and cutting cardboard pieces. Use spray paint only in well-ventilated areas.

How do you make a locker with a ruler?

Fold along the lines to create a rectangular box. Glue edge together Glue 8 x 10 inch pieces to top and bottom. Put the locker on the table with the 10 inch-wide side facing up. The side with glued seam should be on the bottom. Choose which end is the top. Place your ruler on the left hand edge two inches down from the top of the locker.

How do you make a locker door?

Place your ruler on the left hand edge two inches down from the top of the locker. From that spot, draw a 8.5 inch line across the front. Draw a similar line two inches from the bottom of the locker. Then draw a line connecting those two lines. Cut along all three lines and fold back to make the door. Measure and cut a 1.5 x 8 inch strip.
