

Photovoltaic panel installation service contract template

What are the different types of solar panel agreements & proposals?

There are different types of solar panel agreements and proposals available. The one you use will depend on a few different factors. These factors include whether you lease or buy solar panels and whether the contract is for a home, business, or even a large development. A power purchase agreement or PPA is similar to a solar lease agreement.

Can a provider sell a photovoltaic system to a customer?

WHEREAS, Provider has offered, at his sole cost and expense, to install, maintain, own, replace, repair, and operate a photovoltaic system at one or more of the Property (ies) and to sell Solar Services (as hereafter defined) produced by the solar photovoltaic system to Customer as provided in and subject to the provisions of this Agreement.
